HAMPDEN WAS SCHOOLED BY SIR FRANK BENSON

Pamous Actor to Give Three Performances at Strand Theater
Next Week.

Walter Hampden's classical training on the stage began under the
intelage of Sir Frank Benson, Fer,
after this colebrated Shakespearenn
actor graduated from Harvard and
went to France to study for the concert stage, he joined the organization
of this noted English actor and played with him for two seasons, appearing in almost every part in the entire Shakespearean repertoire. But
of the seventy roles he played, one
was saved by him until later, that
of the seventy roles he played, one
was saved as being the greatest of the

"The Richest Cake I Ever Tasted—and Made Without Butter"

Why many cooks can't make a light cake rich or a rich cake light

Many housewives still think that butter is needed for making rich cakes or pastries. This is an old-fashioned idea that is rapidly being abandoned by modern cooks.

People who have been using butter, lard, or ordinary fats in cooking, can hardly realize how rich and satisfying-yet light and thoroughly digestible their pies and pastries are when they use Mazola for shortening.

The old-fashioned way of cooking with butter or lard makes pie crusts "soggy", and cakes or biscuits "heavy."

The Modern Method of Cooking

Even beginners get wonderful results with Mazola. Pie crust always "comes out" brown and flaky-and so appetizing that you want to eat every bit of it. Cakes are rich and wholesome-bread and biscuits light and delicate tasting.

Mazola makes wonderful mushins, graham and bran gems, cookies and ginger bread; while those who are fond of French toast can enjoy a genuine treat in Mazola-made toast, served with orange marmalade, jelly, or any hot stewed fruit.

District Sales Representative
407 Vickers Building, Baltimore, Md.

FREE Handsomely illustrated Corn Producta Cook Book contains 64 pages of practical recipes. Write Corn Products Refining Company, P. O. Box 161, New York City.

Many of the most famous cooks of the country now make their delicious French pastry with Mazola. It gives a wonderful brown crispness and richness to the pastry.

Much More Economical Than Butter or Lard

Not only is the food more delicious and digestible, but you use 1/4 to 1/3 less Mazola than you need of either butter or lard. There is no water in Mazola to make the food soggy and heavy.

Mazola is an absolutely pure, highest grade vegetable fat, and requires no tedious "creaming in." It gives a maximum of results and appetite-satisfaction, with a minimum of labor and expense-no matter for what purpose it is used.

Once you try Mazola you will prefer it to butter, lard, or any other old-fashioned shortening.

Put up in pint, quart, half gallon and gallon cans and sold by leading grocers everywhere.

Catarrh Germs Move Out When Hyomei

Moves In.

No stomach dosing Hyomel is made chiefly of oil of eucalyptus taken from the eucalyptus forests of inland Australia, and combined with other excellent antisepties.

In mland Australia the atmosphere is so impregnated with balsam thrown out by the encalyptus trees that serms do not thrive, and in consequence cought, colds, catarrh and other nese and throat afflictions are practically unknown.

Breathe Hyomel and get the same pleusant germ killing effect as you would set in the encalyptus forests. Hyomel is sold by Traje Drug Co, and druggista everywhere on a guarantee of satisfaction or money refunced—Adv.
